

LIFE IS LIFE PROJECT

This is a project that provides students express their daily routines and lives in English language. At the same time, this project gives opportunity to students to discover the similarities and differences of the daily routines of the students at the same age in other European countries. It involves the 11-16 years old students

Sakine Kaya Gaziosmanpaşa Vocational and Technical Anatolian High School "Life is Life" project process

As the first week activity, our students made a logo work. The logo and poster works were first voted among the partner schools. According to the voting results, the first logo was voted among the first logo of all schools and the project logo prepared by the gaziosmanpaşa vocational and technical Anatolian high school student

was selected first among the logo of all schools entitled to use. Project board was created at the school, social media (facebook, instagram, watsapp groups, school website etwinning project page) was created for dissemination. School presentations. In the forum, our students participated in the student matching groups, and Twinspace was explained to the students along with the project presentation. A teacher meeting pad was prepared and a link was sent to partner schools for them to fill in. It was uploaded to the twinspace numbers field. student-teacher meeting webinars were held and active participation was ensured with the project team of our school. Information and some activities were organized for our students to use web 2 tools. For example: canva for logo work, student-teacher meeting padlet, avaton to prepare their own avatars, for teacher self-promotion Project partners in the distribution of tasks

As a second week activity, pictures of daily routines were drawn in the classroom and these activities were padleted and uploaded to the relevant area of twinspace.

As a third week activity, the students' daily routine videos were shot and uploaded to the youtube channel we opened on behalf of our school for dissemination. The video link was copied from there and included in the relevant field in the twinspace pages.

As the fourth week activity, the students carried out project activities with a digital story preparation activity related to their daily routines.

While all these processes were going on, our students had the opportunity to express themselves in a foreign language other than their mother tongue while participating in the activities with enthusiasm and enthusiasm. In this way, they discovered how to use a foreign language in their lives, what their learning does in life, and their interest in English increased more. The children learned by having fun in cooperation, and their level of commitment to school was positively affected.

OUR 9TH GRADE CURRICULUM

The collage displays various educational resources for 9th-grade English. Key elements include:

- Language Skills and Learning Outcomes Table:** A table with two main columns: 'Language Skills and Learning Outcomes' and 'Suggested Contexts, Task Assignments'. It lists various skills like Listening, Speaking, Reading, and Writing, along with specific outcomes and suggested materials like Magazines, Newspapers, and Internet websites.
- Textbook Pages:** Several pages from a textbook are shown, featuring sections on Learning, Speaking, Listening, Reading, and Writing. These pages include student-friendly text, exercises, and examples related to daily activities and hobbies.
